To all -

Attached is the revised agenda with Jeff's addition.

Thanks, Jeff. I will add that item and send out a revised agenda later this morning.

Can you add an item to your agenda that would include identifying a preliminary list of presentation materials for the larger group meeting? It might be premature but I want people thinking about it so we have sufficient time to prepare.

Thanks JK

To all -

Attached is a draft agenda for the morning meeting on Thursday, July 17, 2014 at the Coloma TSC. (Thanks for setting up the alternate location, Paul.)

I included the variety of topics we discussed during our conference call last week. I also added an item in order to help us prepare for the afternoon session with the Groundwater Group. I did not prepare an agenda for the afternoon Groundwater Group meeting. I think an unstructured discussion will work better.

Let me know any comments or thoughts re: the draft agenda. It looks like were getting close on the legal issues meeting as far as date and time. The best days seem to be Monday, 7/21 or Tuesday, 7/22. Let's try to get that set up in the next day or so, if possible.

Thanks.

Bruce

All,

We lost the St Joseph city hall for Thursday. I was able to secure the Coloma MDOT TSC for the entire day.

Let me know if you need additional location details.
